DOG BENCH SHOWS AND OTHER SHOWINGS.

It is but a few years since English sportsmen appreciated the fact that their dogs might be raised far above the standard of that time by the selection of approved specimens of stock animals, and, as the shortest sead to the accomplishment of this object, instituted the bench shows. We have always been in favor of such competitive exhibitions, as they tend to the refinement of the animal, the development of the greatest purity of blood, as well as the greatest per-fection of form and beauty of color. Comparisons of dogs cannot be reached by any method so effective as by bench shows, and they should and will become in this country as popular as they are in Great Britain, if they are properly conducted by gentlemen sportsmen who have no other aim in view than the improvement of the dog. The effect, then, on the various breeds and races of dogs will be the respective to locker (link mentions). The effect, then, on the various breeds and races of dogs will be the same that the Jockey Club meetings have in the improvement of the breed of horses; and we are ever ready to aid in the endeavor, by selective breeding, to enrich the blood of our useful domestic animals. This laudable motive may be the paramount design of the originators of the bench show of dogs to be given at the City Hall in Springdeld, Mass., on Wednesday and Thursday, April 26 and 27, which will be open day and evening, by the Rod and Gun Club, of that city. But, looking closely over the programme of the premiums to be closely over the programme of the premiums to be given to the various classes, it is noticed with aston-ishment that the prizes are donated by manufacturers, who have adopted this method of bringing their arti-cles before the public, choosing this seemingly liberal way of hiding their true motive. Being always inclined to applaud advancement in every shape, we give the advantage of the New York Herald's immense circulation to the donors of the following prizes to the Rod and Gun Club Bench Show:—

HUNTING IN PENNSYLVANIA.

(From the Pottsville Journal.) Henting in Potter county has been poor this winter, want of snow having interfered sadly with the sports-men. OUR RIFLEMEN.

MEETING OF THE JOINT COMMITTEE OF THE RIFLE ASSOCIATIONS YESTERDAY-WHO SHALL BE THE CAPTAIN OF THE AMERICAN TEAM? BE THE CAPTAIN OF THE AMERICAN TEAM?

The joint committee of the ride associations met yesterday afternoon in the rooms of the National Rifle Association, in the Bennett Building, No. 93 Nassau street. The members present were Major Jewell, E. K. Sanford, W. B. Coughtry, Major Joseph Holland, Robert Johnson, General McMahon and George Crouch.

The resignation of Mr. Molineux was accepted and referred to the National Rifle Association.

Mr. Johnson moved to strike out the four words, "not of their number," now in the paragraph referring to the election of the captain of the team.

By permission of the committee Major Fulton stated that it was a pity that the committee should attempt to bind the team to select their captain from outside their number. It had the appearance of a job to force the team to elect some certain individual to the captaincy, and might create considerable dissatisfaction.

Mr. Sanford said that it was his impression that the committee were doing, all the work in this matter, and probably knew what was best for the team, and certainly no one should charge them with having put up any job.

iainly no one should charge the such a clause might any job.

Major Fulton again said that such a clause might cause general dissatisfaction among the members, and if they did not all pull together they would certainly be beaten. The members of the team are competent to select the best man, and with such instructions they might be debarred from so doing.

The motion of Mr. Johnson to amend the clause by striking out the words "Not of their number?" was seconded by Mr. Crouch, and, being put before the meeting, was carried by a vote of 5 sgainst 2.

AMATEUR RIPLE CLUB.

A meeting of the Executive Committee of the Ama-teur Rifle Club was held yesterday afternoon at the office of the National Rifle Association, and it was resolved that the first match of the sesson for the "La-ker" Badge should take place at Creedmoor on the third Saturday in April.

SPORTING EVENTS ABROAD.

There are (March 21) nearly forty entries for the Royal Polo meeting at Berlin, including a team of the Fifth Royal Lancers, one from the Royal Scots Greys, and representatives from the Tweifth Royal Lancers and other crack cavalry regiments. There are so many civilians entered that only a portion can be taken. The list has been forwarded to some distinguished persons in Berlin with a recuest ments. There are so many civilians entered that only a portion can be taken. The list has been forwarded to some distinguished persons in Berlin with a request that the names of the civilians may be drawn for by lottery until the full complement be made up. Those fortunate enough to be drawn will then receive special invitations to Berlin as the guests of the Union Cleb, as suits of apartments have already been taken for them in the Hotel de Rome, Unter den Linden, which is close to the Emperor's Palace and the Union Club and within five minutes walk of the stables wherein the ponies are to be sheltered and foraged. It is the intention of the War Office officials at Berlin to encourage their officiers to play polo, and after the English have officially introduced it they are to enter into friendly rivalry with our cavalry officers by competing for the Grand International Polo Prize, which will be played for in England next year, under the ampices of the International Gun and Polo Club. After the names have been received back from Berlin the complete list of players will be published.

It may be stated that a German officer, after witnessing the fine riding of the Scots Greys when playing polo, reported to his chiefs at Berlin that the practising of the game makes good horsemen in a scrimmage, and consequently is well suited for officers; hence the great patronage which is to be awarded to the approaching meeting in Mar.

A match is said to have been made in England between Lord Marcus Beresford and Lord Charles Innesker, to walk 100 miles for £1,000, the match to come off within two months.

The horses belonging to the late Sir Anthony Rothschild are entered for their apring engagements in the registered name of \$f\$. Acton.

Mr. W. Ś. Crawfurd sold the race horse Gang Forward in November last for £4,100. He was bought for shipment to Australia, and the horse left Fyneld on the 11th inst. for his destination.

THE TURF IN AUSTRALIA

The Year's Day Meeting of the Victoria Racing Club was a grand success, about 30,000 persons being present on the course. The weather was propitious, cloudy but one, and the racing was first cass. Chiruside's fine coll New-Year-Old Stakes brought out a field of the youngsters, and the Messra. minster by The Marquis out of Spa won easily, Brisels by Tim Whiffler (imp.) being second, and Sibyl third. The £100 Plate ended in a disgraceful swindle, Cyclops, who could have won easily, being pulled. The people hooted the jockey, and the stewards held an investigation, ending in the jockey's (Rawlings) disqualification, and as, on further inquiry, the boy confessed he had been directed to lose the race by his employer, P. ter by The Marquis out of Spa won easily, Brisch tion, and as, on further inquiry, the boy confessed he had been directed to lose the race by his employer, P. Messra Chirnside won the Midsummer Handicap with Sultan; and then the great Champion Sweepstakes was run, for which thirteen horses saddled up, of which number Mr. Jeliet's Richmond by Maribyrnous, 3 years, 7st. lib., proved the winner; Mr. Tait's Golusbrough, 5 years, 9st. 9th was second, and Mr. W. Richmond won the race very cleverly at last, but Goldsbrough run a great horse under the weight, while the rider of the Maid was unable to finish from latigue, or it is supposed the filly would have run a good race home with Richmond. The English horse, Proto-Martyr, ran away with the lead for more than two miles at a great pace, which accounts for the time-5m. 35s.—the factost yet made in Australia. The race was a great success, and the stake will probably be increased next year. A capital steeplechase followed the Champion Race, the winner being Ali Fours, very well ridden by Year-old Handicap, and brought one of the pleasantest meetings ever held at Flemington to a closs. In the Champion Race Mr. Fisher's old horse Dagworth broke

down, and his leg was so severely injured that the horse had to be shot to put him out of his misery. Mr. Fisher had sold him for £1,200, to be delivered sound after the race.—From the Australacian, Jan. 22

VISIT TO EUROPE OF THE CANADIAN LACBOSSI PLATERS.

FLATERS.

Early in May the long talked of visit to Europe of the crack teams of gentiemen amateur and professional Indian lacrosse players will take place. The former is composed of twelve players of the Montreal Lacrosse Club, organized in 1855, and the latter of twelve of the famous Iroquois Indians, residing at Caughnawaga, nine miles west from Montreal. The old country people will thus have an opportunity of witnessing this wild and beautiful field game, full of individual and collective feats of strength, agility and speed. The twenty-four players carry woven lacrosse sticks, having their ininings at the same time. The match consists of three out of five games, and averages half an hour each game.

As an instance of the national character this visit will assume, His Excellency Lord Dufferin, Governor General of Canada, has given the team a public letter of his appreciation of the game and his interest in the success of the enterprise.

The 'pale inces' consist of a picked team of gentlemen amateurs, every one of whom has distinguished himself in snow shoe or foot running, gymnastics, boating, or skating, &c., and they nave a number of gold medals for winning various contests. They are winners of the celebrated Champion "Claxton Flags." played for during three years against all comers with out losing a match.

The Indians are a picked twelve, with a chief, from the celebrated Iroquois tribe, the only tribe which proved faithful to British interests in Canada during inconteat with France. One interesting fact in this connection is worth mentioning. When the garrison of Fort Michlimackinac, consisting of detachments of Her Majesty's Fifty-fifth and Eightlieth regiments, were massacred by the Indians under the great Pontiac, the Iroquois, of whom the lacrosse players are the descendants, was the only tribe who 'kicked the belt of wampum," and refused to join in the slaughter. The celebrated ten mile runner, Keraronwe, is one of the picked twelve. The "reds kins" will be dressed and painted in original coatune, Early in May the long talked of visit to Europe of

THE CHAMPION BELT.

The St. Louis Globe-Democrat says:-"In view of Tom Ailen's approaching benefit at the Theatro Comlque a number of the champion's friends purpose presenting him with some suitable testimonial of their appreciation of his merits. They intend to purchase the gold belt for which McCoole and Davis fought in 1866 and turn it over to Allen, to whom it rightfully 1866 and turn it over to Allen, to whom it rightfully belongs. There is quite a story connected with this emblem of fistic provess. When Allen and Coole first met in the squared circle the former, in addition to the main stake, put up \$300 against the belt, but the mob made a 'barney' of the fight, and, as is well known, Allen was robbed of the battle and the money, as, well as the belt. McCoole kept the trinket out of the way, and nothing was learned as to its whereabouts until a short time since, when it was discovered in a pawnshop on Locant street, where it had been 'soaked' by the Irish giant. Allen's friends redeemed the piedge for the purpose of presenting it to the rightful owner."
